Ernslaw One's Role

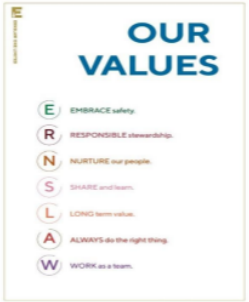

- Prevention: Education / training, controlled skid slash burns (remove fuel), powerline and neighbour / road buffers, safe equipment and machinery, fire fighting equipment ready and on hand, early shut down or cessation of certain tasks.

- Control: Support Fire & Emergency NZ (FENZ) by providing access and resources to assist managing fires on or near our plantation forests – regular meetings with FENZ

Fire Management Plans

ERNSLAW ONE LIMITED

Forest Wildfire Plan
Titoki Forests 2026/27

Health and safety is everyone's responsibility, and everyone is expected to share in Ernslaw One Ltd.'s commitment to avoid all accidents and incidents, which may cause personal injury, property damage or loss of any kind.

Purpose of this Plan

This Wildfire Plan is supported by the FENZ District Fire Plan and FENZ Tactical Plans. Forest Companies support Fire & Emergency NZ by providing advice and resources to co-operatively manage controlled and uncontrolled fires on or near our plantation forests.

This Wildfire Plan will assist first responders with key information and contain instructions on what to do in the event of a fire on or near a forest plantation.

SNI Forest Manager

1/10/2026

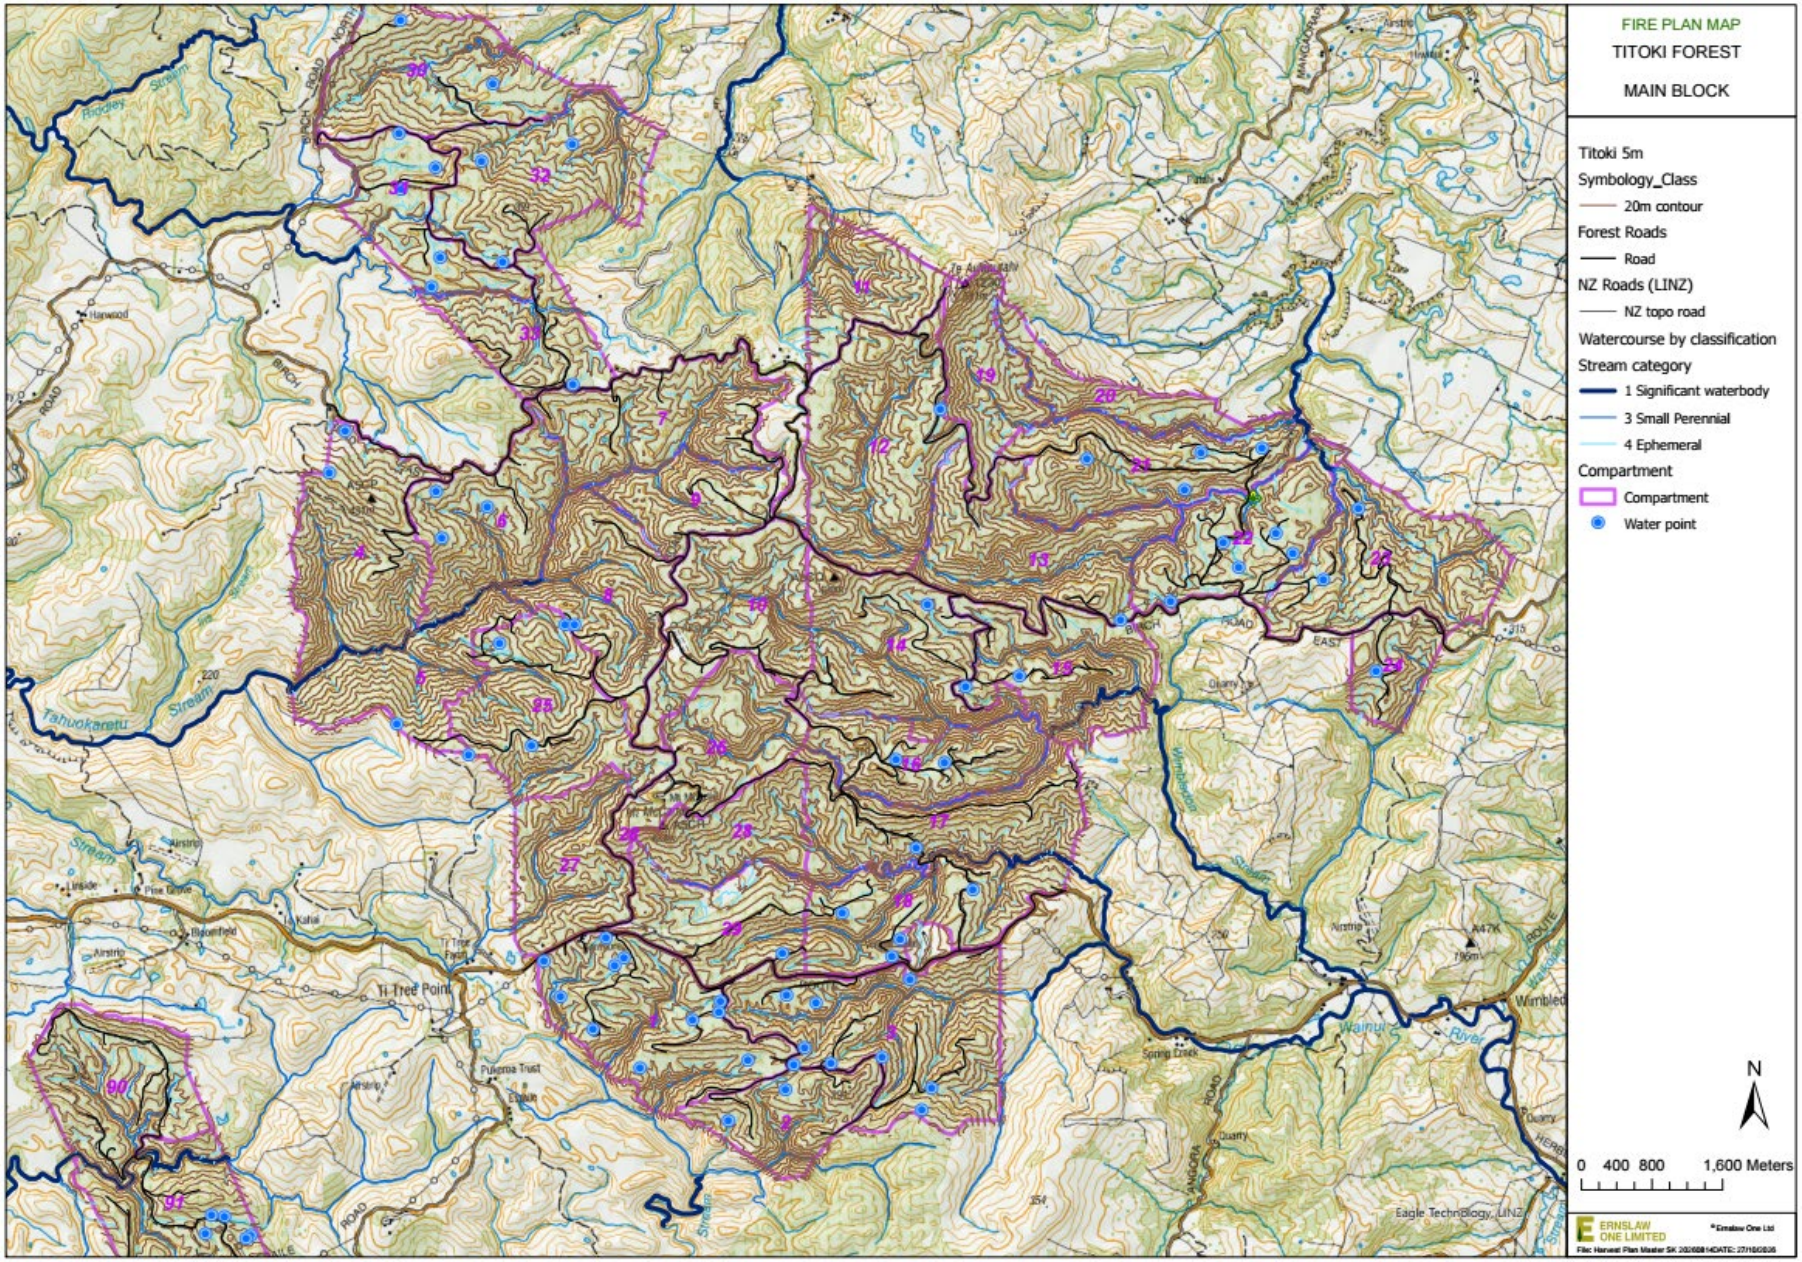

Hours of work

Hours of work may be modified or cease if Fire Danger determined by Fire and Emergency (FENZ) District Fire Indices FENZ Fire Indices reaches **CODE YELLOW** or above. Your EOL supervisor will notify you of the fire index throughout the season and as they change.

FIRE DANGER RATINGS, CEASE WORK TIMES	WORK STOPS		
ACTIVITY	CODE YELLOW BUI 80-100	CODE ORANGE BUI 100-140	CODE RED BUI 140+
All chainsaw, machinery and moving ropes in the cutover finishes	3:00 pm	2:00 pm	12:00 pm
All processing on the landing is to finish	4:00 pm	3:00 pm	1:00 pm
Final trucks are to be loaded and out of the forest at	5:00 pm	4:00 pm	2:00 pm
A crew member must stay behind to monitor the worksite until	5:00 pm	4:00 pm	3:00 pm

All operations are to STOP if:

- A vegetation fire starts within the district when the BUI is >120.
- Required by Fire & Emergency NZ

Fire Stores, Equipment, and Testing

1. Titoki Forest Fire Equipment and Resources

Titoki Fire Equipment

Fire Trailer 98556 with following equipment-	1	
Wajax pump 18806 (tested September 2026)	2	
Rega Pumps (20l)	2	
Service kit with spare plugs	1	
Dividing breach	2	
Hose nozzles	3	
Hose Clamp	1	
Steel temp repair patches	4	
Spreader End connection	1	
End cap	1	
Short 40mm hoses	3	
Short Red hose	1	
Various couplings	4	
Blue fuel container	2	
2 stroke oil (1L)	1	
Engine oil (2L)	1	Unmarked. Assuming pump oil.
Small Funnel	1	
Soap Cartridges (partial)	4	
PPE on fire trailer -		
First Aid kit	1	
Latex gloves	3	1 pair + 1 glove-Fuel handling
Leather gloves	6	3 pairs
Googles	8	
Headlamps + batteries	3	
Yellow Fire Overalls	1	
Earmuffs (Grade 5)	1	
Dust masks	1	
Ventilator masks	2	
Red canvas bag with 40 mm hoses.	1	
Green canvas bag with 40mm hoses.	1	
Blue canvas bag with 40 mm hoses.	1	
Wajax portable canvas dam	1	
Road cones (collapsible)	2	
Wooden tool box (long)	1	
Shovel	7	
Axe	2	
Mattock	1	
Cant Hook	1	
70mm Orange suction hose for Wajax plus suction hose basket.	1	
70mm Short Black suction hose for Wajax.	1	
Hydro blender	1	

When a fire occurs in or near a forest

1. Emergency Services contacted (111).
2. FENZ will contact Ernslaw One emergency contacts.
3. Ernslaw One provides access, mapping etc.
4. FENZ fight the fire
5. Where requested Ernslaw One provides staff to assist FENZ, mainly with provision of water and machinery.
6. Where required Ernslaw One provides staff to monitor and “mop up” after main fire out.

Summary

- Ernslaw One takes fire risk very seriously.
- FENZ manages fighting the fires, we assist at their direction – good relationship between both parties.
- Annually update Fire Management Plans for all forests.
- Create and monitor fire ponds.
- Have trained staff and fire equipment available and ready to go.
- Have contractors and machinery on call to assist.
